

About OverDrive Downloadable E-Books and Audiobooks

In addition to the great print resources available in the library, the Case Memorial Library also offers free downloadable e-books and audiobooks through OverDrive.

OverDrive is a large database of downloadable audiobooks and e-books compatible with computers, e-readers, smartphones, iPads, iPods, and other devices. Providing access to popular and new titles as well as classics, OverDrive is accessible to all Orange residents with a valid library card in good standing.

The e-books and audiobooks check out for varying borrowing periods and are automatically returned at the end of the borrowing period. If the title you are looking for is checked out you may place a hold on it. You may also add e-books and audiobooks to your "Wish List" if you would like to keep a list of books to check out in the future.

To access downloadable library books, click on the Download Audiobooks and E-Books link on our homepage: www.casememoriallibrary.org or visit lion.lib.overdrive.com.

We hope you're as excited about this service as we are!

If you still have questions about how to download e-books to your Nook Simple Touch after attempting the steps outlined in this brochure, you can make an appointment with a Librarian for one-on-one training.

Quick Facts about the Nook Simple Touch and Library E-Books

- To enjoy downloadable library books on your Nook Simple Touch all you need is a computer with an Internet connection, free software called Adobe Digital Editions, and your Nook USB cable.
- The Nook is compatible only with Adobe EPUB and Adobe PDF books. Please be sure to select this format when downloading books from OverDrive.
- Library e-books must be downloaded from a computer and transferred via a USB cable to your Nook Simple Touch. You cannot complete the download process using only the Nook.
- You will never accrue late fees with books you download from the library. Books expire at the end of the lending period and are automatically returned to the library.
- The library's collection of e-books is a growing collection of new and popular titles, classics, and various fiction and non-fiction titles. New titles are purchased and added to the collection every month. Unfortunately, some publishers do not allow libraries to purchase e-books, restricting our access to many of the new and popular titles and authors we would like to offer to you.
